The Status Report 2006 provides an overview of the latest data available about indicators of progress towards the goals and targets of MKUKUTA's desired outcomes for poverty reduction in Tanzania:
Cluster I: Growth and reduction of income poverty;
Cluster II: Improvement of quality of life and social well-being; and
Cluster III: Governance and accountability.

Broadly, the areas covered in this report include:

Cluster I - Economic management, growth, agriculture, food availability and accessibility, reduction of poverty and energy

Cluster II - Education, health and well-being, water and sanitation, social protection and service provision

Cluster III - Governmental structures and systems, public resources, public services, and human rights

As well as presenting the data available, the report comments on gaps in data and adjustments which may need to be made to the indicator set.

This report is a reference document which complements the series of Tanzanian Poverty and Human Development Reports. It was produced in accordance with the MKUKUTA Monitoring Master Plan and is published by the Research and Analysis Working Group, which is part of the MKUKUTA Monitoring System within the Ministry of Planning, Economy and Empowerment.
