Zuki Mihyo, REPOA Director of Programmes Support, M&E and Learning presenting the UN-CEB toolkit adapted for the Tanzanian context at a stakeholders workshop

REPOA is now engaged in Social Media

The importance of social media has become increasingly significant in its ability to reach and engage with a vast number of people.

With that in mind, in October of 2011 REPOA began implementing a newly developed social media strategy to optimise our information dissemination.

It is our aim that exploring these new avenues to engage with our stakeholders will boost the utilization of knowledge and research findings that REPOA produces.

To start with REPOA can be found on Facebook, Twitter and Scribd. Here, updates on call for proposals, research reports, training, open seminars and workshops will be available, with full versions of new publications available on Scribd.

To receive REPOA news and related information on these social networks, please click on the icons below:
